Dear Wes,

Gun Owners of America views the Spending Reduction Act as a good first step. We would like to see even bigger cuts in the fashion of those presented to the Senate by Sen. Rand Paul.

High on our chopping block list would be the Bureau of Alcohol, Tobacco, Firearms and Explosives. (This would leave the unconstitutional and ineffective "Instant" Background Check in place because it is at the FBI.) Another aggressively anti-gun agency that should be targeted for extinction is the EPA which is seeking to eliminate lead bullets.

Sincerely
